

EV-MASS CENTRIFUGAL SEPERATOR

A WORKHORSE DESIGNED TO GROW ALONGSIDE YOUR EXTRACTION GOALS.

Our EV-MASS CS-30 Centrifugal Separator meets the growing demands of the cannabis market.

Its durable, user-friendly design accommodates your budget, while processing skids can be added for consolidated process steps to accommodate large-scale throughput
- All without sacrificing quality.

POWERFUL PERFORMANCE. GUARANTEED RESULTS.

A NATURAL SELECTION

- Achieve more than 98%+ extraction efficiency
- Add processing skids to scale from start-up to extensive
- Process more than 600+lbs in a single production shift
- Assign unique user permissions & streamline personnel
- CSA Certified for C1D1/C1D2 locations
- Guaranteed performance
- 12-month warranty
- Receive leading after-sale support & supply of parts & solvents

**THE MOST RELIABLE
ETHANOL EXTRACTION
CENTRIFUGE IN THE MARKET**

**REDUCE COST.
MINIMIZE DOWNTIME.
INCREASE OUTPUT.**

The EV-MASS CS-30 is designed to better synchronize and streamline the extraction process without compromising quality. The result? The CS-30 is a workhorse providing reliability, and extraction steps into one workflow to optimize your efficiency, reduce your costs and increase your output.

BUILD FOR TODAY, SCALE FOR TOMORROW.

Designed and manufactured in Canada, the EV-MASS CS-30 was developed by Evolved in response to the needs of commercial-scale processors for an economical and reliable centrifuge rated for C1D2 hazardous locations.

This versatile, rugged workhorse is offered at a competitive price to get you processing today and can seamlessly scale to meet future demand. EV-MASS Centrifugal Separator is designed for quick and easy setup, and use by a single operator.

EV-MASS CS-30 VS THE COMPETITION

- Unmatched reliability & after-sale support
- Designed, manufactured, and assembled in Canada for top-notch quality
- Guaranteed performance results
- Easy maintenance & cleaning
- Full data logging
- Designed for easy loading & unloading of biomass
- Mutli-solvent compatibility: ethanol, pentane, hexane , heptane
- 24 month warranty
